GAYATRI CONTROL AND AUTOMATION PVT LTD

Established in **1995**, Gayatri Control and Automation Private Limited (GCAPL) has taken giant strides and carved a unique niche for itself as a leader in the world of Control Panels. An ISO 9001:2008 company since 2003, GCAPL's name is today a recognized and very well established name known in the Automation Industry for its top end quality Control Panels -- custom made as per the requirements and specification of different customers. Thanks to the approach of providing consistent, accurate and quality products, GCAPL has successfully developed a wide customer base not only in India but also overseas.

GCAPL manufactures Control Panels to meet needs and requirements of different industries – from plastic machinery to road construction machinery, rolling mills to material handling equipment's, air compressors to printing and packaging machinery. Also on the anvil are plans to further expand the scope to other manufacturing industries.

Other than our standard range, we have the highest technological capabilities to offer suitable tailor made system as per specific requirements of the customer. We have the skills to offer value addition at low development lead time and cost.
